- **Pasture exposed to PF3/POW Currency 10A (2809400) from 6/1/14 to 8/1/14.**
- **Ultrasounded safe and due 4/4/15.**
- Well I don't know where to start with this female, she truly is incredible. It is not an easy thing to put a front end and hip on a female like hers and give her the structure and rib cage shape that she possesses. She is unique in all aspects from her big sweeping rib to her flawless movement and continues into a loose spine and hip with that tailhead tying in so perfect. 701A will be a huge asset to any breeding program and will make the high dollar show heifers that everyone is after. 701A is a top-notch donor prospect. She was just named Supreme Champion Female at the 2014 North Star Classic. 701A is bred to an American Pride Son that I bought in Iowa. He is a cool fronted, big haired, baldy bull that is now our main heifer bull. 701A is due to calf April 4, 2015. We are selling 1/2 interest with the chance to double down and own her in her entirety. If this happens, we reserve the right to 2 flushes, minimum of 6 eggs per flush, at our expense and buyer's convenience.
