On behalf of the sale consignors, I would like to welcome you to the 2020 North Dakota Simmental Association Classic Sale! 2020 marks the 49th Anniversary of the North Dakota Simmental Association and many of the consignor families involved in this event have roots back to the very beginning.

Again this year, we are sharing the sale date and facility with the ND Red Angus Association and their Red Select Sale which starts at 11:00 am CST with the ND Simmental Sale following immediately after. The two breeds of cattle complement each other very well and both associations work well together on state and national levels.

The 2020 year has presented many challenges to all of us with Covid concerns and actions to deal with. It is admirable to me to see the actions those in agriculture have taken to deal with this, as well as the day-to-day challenges of production agriculture. The commitment and drive of the consignors to again present and offer you an outstanding selection of females is a tribute to the fortitude of this association.

The North Dakota Simmental Classic Sale has developed a reputation as being a source of some of the top Simmental/SimAngus seedstock and genetics available in the land. The offering has been selected from the heart of the top programs in the upper Midwest! The programs involved in this sale have some of the best bull sales in the country each and every year!

I would like to point out that each year while screening for this trip individuals that are selected for the sale go back to or are out of females that were purchased in this sale – a testimonial that these cattle will work!

The North Dakota Simmental Association offers a Junior Incentive Program that is outlined in the catalog and offers a tremendous opportunity for Junior members. This sale offering presents a large number of open heifers that would be very competitive at many levels.

The females in this year's offering are sired by and bred to some of the best genetics available! As buyers, you have the opportunity to select individuals and genetics that can advance your program significantly in the future!

Again, this year's sale will be broadcast on DVAuction for those of you that may want to participate online. Also we will be posting updated photos and information on the North Dakota Simmental Association website: [www.northdakotasimmental.com](http://www.northdakotasimmental.com), as well as on individual consignor's websites.

We invite you to be with us on December 12, 2020 for the sale, as well as on December 11, 2020 for the NDSA Annual Meeting which will be held at Kist Livestock at Noon with lunch provided. We encourage you to contact any of the consignors or sales staff ahead of the sale and look forward to seeing you on December 11th and 12th!

Sincerely,

*Jeff Thomas and the  
Consignors of the 2020 NDSA Classic Sale*
